POLICY AREA 7 - COMMUNITY IMPROVEMENTS

CP 91-7.09

Traffic Control Devices; Cost of

Adopted October 7, 1974

Affirmed October 7, 1991

Affirmed November 6, 1995

Revised November 15, 1999

Affirmed November 17, 2003

Revised December 17, 2007

Revised December 19, 2011

7.09.010 Purpose

To establish a policy regarding payment for traffic control devices installed as part of street improvement districts and development projects.

7.09.020 Goals

This policy is intended to place the financial responsibility for traffic control devices on benefitted properties.

7.09.030 Definitions

- a. Street Improvement District - a local improvement district. established by action of the City Council to assess properties for the cost of street improvements.
- b. Traffic Control Devices - A sign, signal, marking, or other device used to regulate, warn, or guide traffic, placed on, over, or adjacent to a street, highway, pedestrian facility, or shared-use path.

7.09.040 Policy

It is the policy of the City of Corvallis that street improvement districts and projects constructed by private developers will provide, at no cost to the

Council Policy 91-7.09

City, appropriate traffic control devices. Traffic signals included in the Corvallis Transportation Plan or Systems Development Charge project list will be excepted from this requirement.

7.09.050 Review and Update

This policy shall be reviewed every 4 years by the Public Works Director and updated as appropriate.
